## 1 BRIEF OF INTERNAL CONTROL POLICY

**INTERNAL CONTROL POLICY** is required for the purpose of controlling the activity of the organisation which is an important part of the organisation for their business enhancement.

Internal control is the integrated of the activities, plans, attitudes, policies, applicable laws and regulations, and efforts of the people of an organisation working together to provide reasonable assurance that the organisation will achieve its objective and mission.

## 2 INFORMATION SECURITY

### **PURPOSE**

By information security we mean protection of the Organisation's data, applications, networks, and computer systems from unauthorized access, alteration, or destruction.

### **The purpose of the information security policy is:**

- To establish a Organisation-wide approach to information security.
- To prescribe mechanisms that help identify and prevent the compromise of information security and the misuse of Organisation data, applications, networks and computer systems.
- Confidentiality of information:
- E-mail should not be used for confidential information exchange
- Clients/ Employee Information maintain & keep in safe custody of the company after the proper verification.

### **Appropriate Use**

- The computers of the Organisation are used only by the relevant authorised persons only by their relevant password only.
- The Authority of accessing of back office Software (i.e. shilpi) where all the data related to Clients has been controlled by the user ids & their relevant passwords.
- The Authority for working on back office software (i.e. shilpi) has been distributed according to the nature of their work.
- The Documents related to the Organisations & their clients are maintained by the appointed persons only under the supervision of the senior official of the organization. No other persons are permitted for access the documents without the permission.
- Sharing of information related to the organizations & their clients prohibited sharing with the outsider of this organization.
- Use of e-mails will be restricted for business use only.

## 3 Privacy policy

This privacy policy sets out how “**Hotline Capital Services Pvt. Ltd.**” uses and protects any information that you give “**Hotline Capital Services Pvt. Ltd.**” when you use this website.

“**Hotline Capital Services Pvt. Ltd.**” is committed to ensuring that your privacy is protected. Should we ask you to provide certain information by which you can be identified when using this website, then you can be assured that it will only be used in accordance with this privacy statement.

“**Hotline Capital Services Pvt. Ltd.**” may change this policy from time to time by updating this page. You should check this page from time to time to ensure that you are happy with any changes.

### What we collect

We may collect the following information:

- name and job title
- contact information including email address
- demographic information such as postcode, preferences and interests
- other information relevant to customer surveys and/or offers

### What we do with the information we gather

We require this information to understand your needs and provide you with a better service, and in particular for the following reasons:

- Internal record keeping.
- We may use the information to improve our products and services.
- We may periodically send promotional email about new products, special offers or other information which we think you may find interesting using the email address which you have provided.
- From time to time, we may also use your information to contact you for market research purposes. We may contact you by email, phone, fax or mail.
- We may use the information to customize the website according to your interests.

## Security

We are committed to ensuring that your information is secure. In order to prevent unauthorized access or disclosure we have put in place suitable physical, electronic and managerial procedures to safeguard and secure the information we collect online.

## How we use cookies

A cookie is a small file which asks permission to be placed on your computer's hard drive. Once you agree, the file is added and the cookie helps analyse web traffic or lets you know when you visit a particular site. Cookies allow web applications to respond to you as an individual. The web application can tailor its operations to your needs, likes and dislikes by gathering and remembering information about your preferences.

We use traffic log cookies to identify which pages are being used. This helps us analyse data about web page traffic and improve our website in order to tailor it to customer needs. We only use this information for statistical analysis purposes and then the data is removed from the system.

Overall, cookies help us provide you with a better website, by enabling us to monitor which pages you find useful and which you do not. A cookie in no way gives us access to your computer or any information about you, other than the data you choose to share with us.

You can choose to accept or decline cookies. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. This may prevent you from taking full advantage of the website.

## Links to other websites

Our website may contain links to enable you to visit other websites of interest easily. However, once you have used these links to leave our site, you should note that we do not have any control over that other website. Therefore, we cannot be responsible for the protection and privacy of any information which you provide whilst visiting such sites and such sites are not governed by this privacy statement. You should exercise caution and look at the privacy statement applicable to the website in question.

## Controlling your personal information

You may choose to restrict the collection or use of your personal information in the following ways:

- whenever you are asked to fill in a form on the website, look for the box that you can click to indicate that you do not want the information to be used by anybody for direct marketing purposes

## Hotline Capital Services (P) Ltd

---

- if you have previously agreed to us using your personal information for direct marketing purposes, you may change your mind at any time by writing to or emailing us at [email address]

We will not sell, distribute or lease your personal information to third parties unless we have your permission or are required by law to do so. We may use your personal information to send you promotional information about third parties which we think you may find interesting if you tell us that you wish this to happen.

You may request details of personal information which we hold about you under the Data Protection Act 1998. A small fee will be payable. If you would like a copy of the information held on you please write to [address].

If you believe that any information we are holding on you is incorrect or incomplete, please write to or email us as soon as possible, at the above address. We will promptly correct any information found to be incorrect.

This policy defines the backup policy for computers within the organization (onsite on-line backup) & off-site off-line backup which are expected to have their data backed up.

The Organization must take Full backups performed nightly on daily (every working day) basis at user level as well as admin level.

The Organization is taking onsite on-line backup on the server itself on daily basis, off-site off-line backup on USB drive/CD media on daily/weekly basis. USB drive/CD media is kept at remote site.

The Organization adequate Backup facility as we have two dat drive (One is 500 GB other one is 500 GB sure store DAT) in which we take backup of all of our important data.

The Organization appointed a persons perform regular backups. The appointed person must follow develop a procedure for testing backups and test the ability to restore data from backups on a daily basis.

The ability to restore data from backups shall be tested by senior official of the organization.

## 5 Password Policy

### Overview

Passwords are an important aspect of computer security. They are the front line of protection for user IDs/accounts. A poorly chosen password may result in the compromise of entire corporate network. As such, all employees are responsible for taking the appropriate steps, as outlined below, to select and secure their passwords.

### Purpose

The purpose of this policy is to establish a standard for creation of strong passwords, the protection of those passwords, and the frequency of change.

### Scope

The scope of this policy includes all personnel who have or are responsible for an account (or any form of access that supports or requires a password) on any system that resides at any facility, has access to the network, or stores any non-public information.

### Policy

#### 1 General

- ☞ All system-level passwords (e.g., root, enable, NT admin, application administration accounts, etc.) must be changed on at least a monthly basis.
- ☞ All user-level passwords (e.g., user ids, etc.) must be changed at least every 15 days.
- ☞ Passwords must not be inserted into email messages or other forms of electronic communication.
- ☞ All user-level and system-level passwords must conform to the guidelines described below.

#### 2 Guidelines

##### **Password Creation Guidelines:**

The following password creation guidelines are based upon experience and common sense. The software used to change passwords will screen for most of these guidelines as an aid in creating secure passwords. This does not relieve a person of responsibility for creating and securing a good password.

- ☞ It must be at least eight characters in length. (Longer is generally better.)
- ☞ It must contain at least one alphabetic and one numeric character. (Alpha – Numeric generally better)
- ☞ It must be significantly different from previous passwords.

# Hotline Capital Services (P) Ltd

---

-  It should not be the same as the user ID, email IDs, telephone no., date of birth, nick name, house no., vehicle no., & some common nos.
-  It should not start or end with the initials of the person issued the user ID.
-  It should not include the first, middle, or last name of the person issued the user ID.
-  Special characters may be used to strengthen the password.
-  It should not be information easily obtainable about you. This includes license plate, social security, telephone numbers, or street address.

## A. General Password Construction Guidelines

Passwords are used for various purposes at **Hotline Capital Services Pvt. Ltd..** Some of the more common uses include:

User level, accounts, email, screens saver protection. Since very few systems have support for one-time tokens (i.e., dynamic passwords which are only used once), everyone should be aware of how to select strong passwords.

**Poor, weak passwords have the following characteristics:**

-  The password contains less than eight characters
-  The password is a word found in a dictionary (English or foreign)
-  The password is a common usage word such as:
  -  Names of family, pets, friends, co-workers, fantasy characters, etc.
  -  Computer terms and names, commands, sites, companies, hardware, software.
  -  The words "<Hotline Capital Services Pvt. Ltd.>
  -  Birthdays and other personal information such as addresses and phone numbers.
  -  Word or number patterns like , a1111111,a2222222 ,123321, 123456, b11111111, etc.

Any of the above spelled backwards.

Any of the above preceded or followed by a digit (e.g., secret1, 1secret)

**NOTE: Do not use either of these examples as passwords!**

## B. Password Protection Standards

-  Do not share < Hotline Capital Services Pvt. Ltd.> passwords with anyone, including administrative assistants or secretaries.

# Hotline Capital Services (P) Ltd

---

- ☞ All passwords are to be treated as sensitive, Confidential < Hotline Capital Services Pvt. Ltd.> information.

Here is a list of "dont's":

Don't reveal a password over the phone to ANYONE

- ☞ Don't reveal a password in an email message
- ☞ Don't reveal a password to the boss
- ☞ Don't talk about a password in front of others
- ☞ Don't hint at the format of a password (e.g., "my family name")
- ☞ Don't reveal a password on questionnaires or security forms
- ☞ Don't share a password with family members
- ☞ Don't reveal a password to co-workers while on vacation
- ☞ If someone demands a password, refer them to this document or have them call Direct to the Director without hesitation.
- ☞ Do not use the "Remember Password" feature of applications.
- ☞ Again, do not write passwords down and store them anywhere in your office. Do not store passwords in a file on ANY computer system (including Palm Pilots or similar devices) without encryption.
- ☞ Change passwords at least once every 15 days. The recommended change interval is every 15 days.

If password is suspected to have been compromised, report the director and change all passwords.

Password cracking or guessing may be performed on a periodic or random basis by InfoSec or its delegates.

If a password is guessed or cracked during one of these scans, the user will be required to change it.

## Two Factor Authentication (2FA)

### Brief of Two Factor Authentication (2FA)

(i) Knowledge factor (something only the user knows): - for e.g., Password, PIN.

(ii) Possession factor (something only the user has): - for e.g., OTP, security token, authenticator apps on smartphones etc. In case of OTP, the same should be sent to clients

# Hotline Capital Services (P) Ltd

---

through both email and SMS on their registered email ID and Mobile number.

Company shall provide the Two Factor Authentication (2FA) on application offered by the company

to clients for trading like OTP, PIN etc. on every session by the client login through Internet Based

Trading (IBT) and Securities Trading through Wireless Technology (STWT).

## 6. Risk Management System (RMS) PROCESS

The purpose of RMS Policy is eliminating the risk of the Company /client from the volatility of the market.

### 1 RMS works on the following concepts:

a. **Cash**

The clear balance available in the customer's ledger account in our books.

b. **Margin**

The underlying stake provided by the customer in the form of cash, FDR and/or stock to mitigate market (price) or settlement (auction) risk

c. **Exposure**

The aggregate of the customer's obligations arising out of buy + sell trades awaiting settlement in the cash segment and profit/ loss amounts that are yet to be settled on the closed positions.

d. **Exposure multiple**

The number of times that exposure is allowed on the underlying margin sales on the cash segment would have to be made either on the availability of cash margin

## **Hotline Capital Services (P) Ltd**

---

or on the availability of the stocks (which are to be sold) in our margin account, by executing a transfer before the sale order is initiated.

e. **Stock qualifying for margin in cash & F&O segment transactions**

Securities in the approved list of Stock Exchange as per SEBI guidelines after applicable hair cut as per exchange.

d. **Total Deposit**

The aggregate of client deposit available with us in the form of cash, Shares (After Applicable Hair Cut) and FDR.

e. **Mark to Market Losses**

Mark to market losses shall be collected in the following manner:

- Mark to market loss shall be calculated by marking each transaction in security to the closing price of the security at the end of trading. In case the security has not been traded on a particular day, the latest available closing price at the exchange shall be considered as the closing price. In case the net outstanding position in any security is nil, the difference between the buy and sell values shall be considered as notional loss for the purpose of calculating the mark to market margin payable.
- The mark to market margin (MTM) shall be collected from the member before the start of the trading of the next day.
- The MTM margin shall also be collected/adjusted from/against the cash/cash equivalent component.
- The MTM margin shall be collected on the gross open position of the Client.
- There would be no netting off of the positions and setoff against MTM profits across two rolling settlements i.e. T day and T-1 day. However, for computation of MTM profits/losses for the day, netting or setoff against MTM profits would be permitted.
- In case of Trade for Trade Segment (TFT segment) each trade shall be marked to market based on the closing price of that security.
- The MTM margin so collected shall be released on completion of pay-in of the settlement.

## (2) CATAGORY OF CUSTOMER TRANSACTIONS

### a. **Intraday - Cash segment**

The amounts of purchase (or sale) in a scrip on any trading day that is reversed by the end of the day by making a contra sale (or purchase) of the exact same quantity, thereby nullifying the original position.

### b. **Delivery Trades**

The net purchase or sale of scrip in a client account that is settled by way of a delivery on T+1. Delivery in respect of sale transactions in the cash segment has to be settled by the client by tendering securities in demat form before the pay-in deadline. Else the client faces the risk of auction. A purchase transaction in the cash segment would fall into one or more of the following categories:

### c. **Sell against Buying**

A purchase order executed on the Exchange today and the (undelivered) purchased stock sold in its entirety on the next trading day. In this case the first transaction would be settled on T+1 while the sale would be settled on the third business day after the purchase transaction.

### d. Execution of Orders – For Execution of orders define the limit as under as per the USER ID & BRANCH ID basis :-

- Quantity limit for each order.
- Value Limit for each order.
- User value limit for each user ID.
- Branch value limit for each branch ID.
- Security wise limit for each user ID.

### e. **The following demat account to deal with the client securities:-**

- i. Pool account (Hotline Capital - Pool account)
- ii. Client Unpaid Securities Account (CUSA)
- iii. Early Pay-in Account
- iv. Hotline Capital Pledge Account

## Hotline Capital Services (P) Ltd

---

“Unpaid Securities” (for which the client(s) not paid or partially paid)

– In case of

non-payment or partial payment, Securities are kept in “Client Unpaid Securities

Account” (partial or fully) & shall be disposed-off (partially or fully based on their

unpaid amount) with 5 days from the pay-out or;

If there are multiple securities in the “Client unpaid securities account” then Hotline Capital may take

following steps/ decision

1. Based on the unpaid amount of the securities we will try our level best to liquidate the higher price securities after comparing the previous close price at the time of liquidate the unpaid securities.

2. The time of liquidation can be any time on day of liquidation.

3. If there are no major difference in the price of the multiple securities then any of the

securities can be liquidate or FIFO method to be followed.

**DO: (also please refer above and exchange’s circulars for details)**

Client Securities kept in “Client Unpaid Securities Account” only be transferred to Respective client Demat A/c or to Pool A/c. (the quantify of securities based on the payment i.e. fully or partially)

Securities can be transferred from “Client Collateral Account” or “Collateral Account” to Pool account for the purpose of making pay-in for settlement of respective client.

## Hotline Capital Services (P) Ltd

---

Client Securities can receive in the “Client Collateral Account” and can be transferred to Clearing Member or “Collateral Account” for pledging with CCs.

However, sale of securities lying in collateral account, based on client’s instruction, can be considered towards such unpaid securities provided clear funds are received within such 5 trading days

### **DON'TS: (also please refer above and exchange’s circulars for details)**

Securities cannot be transferred from “Client unpaid securities account” directly to the “Client Collateral account” or “Collateral Account”

Client Securities cannot be transferred from “Client Collateral Account” or Collateral Account to “Client unpaid securities account”

Securities kept in “Client unpaid securities account” cannot be considered towards client’s margin obligation.

Further exposure cannot be grant to such client having debit balances.

### **Offline Alert / Back Office Alert**

We are further investigated at the time of generation of billing by the Back Office Billing Department & the scrips are scanned for the quantity traded vis-a-vis exchange volume on that day, the frequency of trade done by the client & see if a trend is discernible. The surveillance clientwise takes cue from the alerts generated scripwise. All the clients who have traded in the scrip placed in “SCRIP ALERT” are scrutinized for their other scrip dealings. Looking at the general quality of scrips that they are dealing in, Surveillance Officer reports to the Director for further action.

Income (i.e. Income declared in KYC)

Further any big value transactions are checked for whether the client is not trading beyond ones known

# Hotline Capital Services (P) Ltd

---

**Note –** Hotline Capital will not be responsible for any Short payout of security from exchange.

## **7 MARGIN COLLECTION AND REPORTING PROCEDURE**

### **MARGIN REPORTING/ INFORMATION TO CONSTITUENTS**

**Client Margin information will convey to according to the following procedures:**

**First of all** the information convey to client by telephonically or by email (which ever is applicable) to the relevant client on same day (trading day) basis about their margins & positions in Future & Options Segment by the back office department (F&O).

## **Hotline Capital Services (P) Ltd**

---

**Secondly** the Printed Document for information regarding the margin information is sent to the client as per exchange by Hand or By Courier to the client. The information is in printing form from the back office software having the following details about their margins in future & options :-

Total Deposit for the Day T-1 (T=Trading Day)  
Margin Utilised for the Day T-1 (T=Trading Day)  
Margin Deposited for the Day T (T=Trading Day)  
Margin Utilised for the Day T (T=Trading Day)  
Margin status end of day T (T=Trading Day)  
Running Balance  
Days MTM

Client Margin information also clarify to the relevant client if required the all the necessary details must be provided to clients

### **MARGIN COLLECTION FROM CONSTITUENTS**

After the information given by telephonically and in printed form to the relevant client about their Margin then the required margin will be asked from the relevant client within the period as prescribed by the exchange.

The required margin will collect from the constituents before with the time period as prescribed by the exchange from time to time by cheque /demand draft only at the earliest.

***Note : This procedure follow by the M/s Hotline Capital Services Pvt. Ltd. it will review time to time and put the necessary modification.***

## **8 Capacity Management**

Capacity Management ensures that adequate capacity is available to deliver the services such that the Service Levels are not compromised due to resource crunch. It is a day to day operation like the Service

# Hotline Capital Services (P) Ltd

---

Support functions but has been placed under Service Delivery because strategic inputs from the other Service Delivery functions are very important for its accuracy and delivery efficiency.

Capacity Management can be classified into two types: Service Capacity Management and Resource Capacity Management.

**Service Capacity Management:** This is driven by the current service trends, target Service Levels defined by Service Level Management and/or Business inputs from the management. In this category the Capacity Management Function would focus on adequate skilled manpower, availability of vendors, availability of space (example, seating and storage areas), capacity of Communications facilities (like telephone lines), etc.

**Resource Capacity Management:** This is driven by the capacity of the current technology infrastructure, the future scalability, and the capacity burn rate.

These two Capacity Management areas can have common work areas. However the focus of the former is to maintain targeted Service Levels and focus of the latter is to maintain targeted Technology Levels. To deliver the services accurately, both of them need timely and accurate inputs from:

The Management - Pertaining to future business expansions or acquisitions, Budgets, financial growth plans, etc.

- The Service Level Management - Pertaining to target service levels.
- Change Management - Pertaining to Forward Planning with schedules and Magnitudes of Changes.
- The System Monitoring - Pertaining to Transaction Volume Trend Analysis, Capacity Burn Rates, Performance Trends, etc - all with accurate triggers and alerts at the right time.

The Organization reviews their capacity regarding the Service & Resource after some time or when necessary like:-

- ☞ Monitoring of performance and throughput of all services
- ☞ Deploying new technology in line with business requirements (time, cost, and functionality).
- ☞ All networking equipment: LANs, WANs, bridges, routers, and so on.
- ☞ All Hardware: Hard Disk, Ram, Mouse, Key Board, Printer etc.
- ☞ All peripherals: Storage devices, printers, and so on.
- ☞ All software: Operating system, network, in-house developed, and purchased packages,

## Network users will:

- Abide by the Appropriate Use of Information Technology policy of the Hotline Capital,
- Abide by this policies governing connection to organisation networks.

## 10 Application Software Policy

# Hotline Capital Services (P) Ltd

---

**1. Introduction** The availability, reliability and integrity of a Use & developed application system, is a critical service provided by Services Providers like FT, Shilpi & Microsoft etc.

## Development of Application Software

These developed applications come about when there is a requirement to meet Organization needs.

The objective of this policy is to create an environment for the meaningful and consistent application development to attain high quality results.

## Definition

Application software development is the act of reviewing, evaluating, designing, coding (programming) and implementing a software application by Service Providers through the technical department time to time.

Development of Application software is done by the software vendors under the needs of organization through the technical department time to time.

Some of the software update under the instructions of the NSE or service providers on regular basis.

## Conditions of Use

Only authorised persons has right to access the application software those are use by the organization.

Every users has different authority according to the nature of their work i.e accounts persons has the different authority rather than the person look after the DP or trading software.

Instructions to the Users of the application software for an organization.

1. Almost the application software has there login ids & password.
2. Users are instructed not to share there password of the application software.
3. The Password must be alpha numeric & must be changed periodically
4. Users are clearly prohibited for access user of others. Prior intimation & permission is required for use of different user.

## 11 Business Continuity Planning and Disaster Recovery

Business continuity planning and disaster recovery planning are fundamental to the well being of an organization. Clearly, they are intended to ensure continuity in the face of unforeseen or difficult circumstances.

Planning for these situations is not always straight forward of course, and neither is identifying suitable sources of information, services and products. The requisite planning tasks themselves can also be challenging.... none more so than the building of the plan itself.

### Introduction

With the increasing importance of information technology for the continuation of business critical functions, combined with a transition to an around-the-clock economy, the importance of protecting an organization's data and IT infrastructure in the event of a disruptive situation has become an increasing and more visible business priority in recent years.

Our business is based on technology like Computer VSAT, Lease line, router, Internet services & telephone etc.

**“We can say that if business is the life than the technology is the heart”**

### Level 1: Minor Outage Scenario

In the event of a minor outage, business processes may experience minor damage / outage and will run at a sub-standard level. Scenarios include link connectivity being temporarily down, switch or router port failures, System or network CPU failures, System Fan failures, System or Network Power supply failures, Ethernet card failures.

### **PLAN:**

Company deutes the Technical person for technical problem like switch, router port failures system failures, Ethernet card failures for rectification at the earliest or replacement. Company keeps all necessary equipment in spare for replacement.

### Level 2: Moderate Outage Scenario

In this scenario, some or all business processes at the location may experience moderate damage / outage. Processes may not continue or may run at a degraded level. An alternate site may not be required for continuing business but alternate equipment may be required depending on the criticality of the business process and infrastructure.

Some of the examples of such scenarios can be:-

1. Equipment is damaged due to Power surge.
2. ISDN/VSAT/Circuit router failure
3. Core access layer switch failure
4. Access/Distribution switch failure.

# Hotline Capital Services (P) Ltd

---

5. LAN switch or router failure.
6. Temporary outage of power.

## **PLAN :**

Company is having 1 (One) VSAT (Very Small Aperture Terminal) & 1 (One now) with auto transfer scenario from now to VSAT & vice-a-versa.

In case of damaged of any equipment technical person replace at the earliest.

Company is having UPS as a backup for temporary power supply, which is automatically works after power failures, also having a Generator for power supply.

## **Level 3: Disaster Scenario**

In this scenario, the Member infrastructure may experience a severe disaster resulting in the total shut down of infrastructure of the Member. Full processing capability of all business processes like Trading, Risk Management, settlement systems etc. from that location and related infrastructure may be down. Key personnel may not be able to access the premises. There may also be non-availability of key resources in the building.

Some of the examples of such scenarios can be

1. Flood / Rain/Fire making office premises like building and Data centers inaccessible.
2. Riots /war etc., at a location near one of the offices or within the premises of the member may render the office premises inaccessible.
3. Complete power shutdown due to unavailability of generators.

In this scenario if complete power shutdown due to unavailability of generators we are also having UPS for power supply.

We are having our branch, where our business can be carried out due to any shutdown in the main office.

Under this scenario, Members may have to switch their business over to the BCP site. Key factors which will determine the Recovery Time Objective would be key personnel availability, resilient IT infrastructure and robust BCP processes.

## **Level 4: Catastrophe**

In this scenario, a major disaster strikes which would result in a major disruption of services. Full processing capability cannot be achieved for a substantial period of time. Recovery will require use of alternate processing site as well as offsite offices for employees over an extended period of time

Some of the examples of such scenarios can be

1. War
2. Earthquake
3. Extended Communal Riots etc

# Hotline Capital Services (P) Ltd

---

In such a scenario, capability to achieve their Recovery time objectives would critically depend upon Key personnel availability, resilient IT infrastructure and robust BCP processes.

## PLAN:

Company is having the internet connectivity of the exchange for this purpose every client of the company can do the trade direct with exchange provided platform along-with their provide login id & password.

## 12 POLICY REGARDING TREATMENT OF INACTIVE ACCOUNTS

M/s **HOTLINE CAPITALSERVICES PVT. LTD.** as a matter of policy accepts and realizes that the investor community is made of traders as well as investors. Whereas traders trade frequently, the investors trade with long gaps. The inactive client policy is framed keeping the same in mind:

### What happens when a client is declared inactive?

On a client being declared inactive,

- 1 All the securities of the client are transferred into the last known demat account of the client.
- 2 All the funds of the client are returned to the client.
- 3 In case the demat account/ bank account details are not available and the client is not contactable, , the securities/ funds are transferred into a separate account of BBPL and held till such time BBPL hears from the client or their representatives.
- 4 Trading in the client account is stopped.

### Client declared inactive voluntarily

A client may write to BBPL stating that he wishes to transfer his account into an “inactive” status, based on which the account will be marked as such.

### Client declared inactive by passage of time

Any client who has not traded continually for a period of 5 years and has also not renewed his running account authorization for 5 continuous years will automatically be moved to the “inactive” category.

### Client declared inactive by law

Any client will be moved to the “inactive” category if required by law.

### Procedure to activate the client

To reactivate the account, the client is expected to write to the TM requesting for activation of the account, based on which the account would be activated after due diligence by the TM.

## 13. POLICY FOR CONDUCT FOR PREVENTION OF INSIDER TRADING

**The purpose of this Policy is to maintaining code of Internal Procedures and Conduct for prevention of Insider Trading.**

The organization/firm has a senior level employee reporting to the Managing Partner/Chief Executive Officer.

The senior level employee shall be responsible for setting forth policies and procedures and monitoring adherence to the rules for the preservation of “Price Sensitive Information”, pre-clearing of all designated employees and their dependents trades (directly or through respective department heads as decided by the organization/firm), monitoring of trades and the implementation of the code of conduct under the overall supervision of the partners/proprietors.

The senior level employee shall also assist all the employees/directors/partners in addressing any clarifications regarding SEBI (Prohibition of Insider Trading) Regulations, 1992 and the organization/firm’s code of conduct.

The senior level employee shall maintain a record of the designated employees and any changes made in the list of designated employees.

### **Preservation of “Price Sensitive Information”**

Employees/directors/partners shall maintain the confidentiality of all Price Sensitive Information. Employees/directors/partners must not pass on such information directly or indirectly by way of making a recommendation for the purchase 55[or] sale of securities.

### **Prevention of misuse of Price Sensitive Information**

Employees/directors/partners shall not use Price Sensitive Information to buy or sell securities of any sort, whether for their own account, their relative’s account, organization/firm’s account or a client’s account. The following trading restrictions shall apply for trading in securities.

### **Pre-clearance of trades**

All directors/officers/designated employees of the organization/firm who intend to deal in the securities of the client company (above a minimum threshold limit to be determined by the organization/firm) shall pre-clear the transactions as per the pre-dealing procedure as described hereunder.

## 14. POLICY FOR UNAUTHENTIC NEWS CIRCULATION

- No staff member or associate is authorised to send any communication to any client by way of SMS / Email / Letter / Notice / etc., unless such communication is specifically authorised by the Compliance Office
- Any Equity Research Reports, Advisory Notes and Stock Recommendations sent out to the client can be sent out only from a designated Sender ID and should be duly authorised by the Compliance Officer.
- Log of all such communication sent to the clients should be maintained.

## 15. WRITE UP ON REDRESSAL FOR INVESTOR GRIEVANCE REDRESSAL POLICY

- The designated Email ID for lodging investor complains should be clearly displayed on the office premises and on all information sent to the clients
- An investor grievances escalation matrix should be clearly displayed on the KYC of the company
- All the investor complaints received by email on the designated email ID should be duly saved and recorded in the investor grievances register.
- All investor grievances which are not redressed at the first level must be escalated to the next level within 7 days

## 16. Client Code Modification “CCM” and error Code Policy

Client Code Modification (Rectification of error code) “CCM” is a vital problem of the broking company. The main objective of a policy for Client code modification or Rectification of error code for post trade execution and takes the report on such modification/rectification of client codes. Also aware the dealers/trading personals about the policy for Client Code Modification (Rectification of error code) “CCM”.

### A. Circumstances about Client code Modification

“CCM” means modification of client code of those order has been executed or those order has converted to become trade. The stock exchange provides a facility to modify the client code to rectify an error. Further only the genuine errors will be modify and after being transferred to ‘Error Account’. The modification should be done within the Stock Exchange guidelines. The modification of client code is to be done only in exceptional cases and not in routine case.

### B. Details about Genuine error

The following trades shall be modify/ allowed to be modify, shall be treated as genuine error and transferred to Error Account.

- ✓ Punching error / typing error of client codes due to any genuine error or mistake in order entry, while punching the order, by any of dealer.
- ✓ Trade entered for wrong client due to any miscommunication from the client /authorized representative of the client.
- ✓ Client code/name and modified client code/name are similar to each other but such Modifications are not repetitive.
- ✓ Family Code (spouse, dependent parents, dependent children and HUF)
- ✓ Institutional trades modified to broker error/pro account.

### C Classification of Genuine Error

The criteria for determining the genuineness of client code modification are as follows:

- ✓ Client code M020 wrongly entered N020 would be constructed as intentionally committed whereas M020 entered as M002 or M200 may be a genuine punching error.

### D. The Board and Management Directives

The Board and Management of the company have approved under mention policy in this regard and instruct all the staff of the office to follow it strictly.

- ✓ It has been decided that a separate error account in the name of “**Hotline Capital Services Pvt.Ltd.**” must open as per the exchange circular for rectification.
- ✓ It has been decided that client code mapping in trading terminals to prevent the punching error into those codes which are not given to anyone.
- ✓ It has been decided to periodically review the list of inactive clients into CTCL System.
- ✓ It has been instruct to all the Dealers to hear clearly the client code /scrip name /price and reconfirm the same before placing order into the trading system.
- ✓ /management on the implementation of the said policy periodically.

## **Hotline Capital Services (P) Ltd**

---

- ✓ It has been decided that maintain the register for “CCM” with immediate effect for recording the errors.
- ✓ It has been advice to the Department head/ Compliance officer for analyses the mistake and to take/implement corrective measures to their best possible efforts to minimize the same.
- ✓ It has been advice to the Department Head/ Compliance officer to update the Board regarding the same.

### **E Reporting System**

- ✓ Any issues regarding the “CCM” should be reported to the designated officer and can be done only after getting approval after knowing it’s genuinely as per exchange directives.
- ✓ Any client code modification shall be subjected to this policy be carried at Head Office of the company in the normal circumstances.
- ✓ The designated officer review the Error Account file send by the Exchange on daily basis.
- ✓ A separate register for “CCM” to be maintained by the company for above purpose where full details will be recorded.

## **19. POLICIES & PROCEDURE**

*As per SEBI Circular No: MIRSD/SE/Cir-19/2009 Dated 3rd December, 2009*

# Hotline Capital Services (P) Ltd

---

## **1. Refusal of orders for penny / illiquid stock**

The stock broker may from time to time limit (quantity/value) / refuse orders in one or more securities due to various reasons including market liquidity, value of security(ies), the order being for securities which are not in the permitted list of the stock broker / exchange(s) / SEBI. Provided further that stock broker may require compulsory settlement / advance payment of expected settlement value/ delivery of securities for settlement prior to acceptance / placement of order(s) as well. The client agrees that the losses, if any on account of such refusal or due to delay caused by such limits, shall be borne exclusively by the client alone.

The stock broker may require reconfirmation of orders, which are larger than that specified by the stock broker's risk management, and is also aware that the stock broker has the discretion to reject the execution of such orders based on its risk perception.

## **2. Setting up client's exposure limits and conditions under which a client may not be allowed to take further position or the broker may close the existing position of a client**

The stock broker may from time to time impose and vary limits on the orders that the client can place through the stock broker's trading system (including exposure limits, turnover limits, limits as to the number, value and/or kind of securities in respect of which orders can be placed etc.). The client is aware and agrees that the stock broker may need to vary or reduce the limits or impose new limits urgently on the basis of the stock broker's risk perception and other factors considered relevant by the stock broker including but not limited to limits on account of exchange/ SEBI directions/limits ( such as broker level/ market level limits in security specific / volume specific exposures etc.) , and the stock broker may be unable to inform the client of such variation, reduction or imposition in advance. The client agrees that the stock broker shall not be responsible for such variation, reduction or imposition or the client's inability to route any order through the stock broker's trading system on account of any such variation, reduction or imposition of limits. The client further agrees that the stock broker may at any time, at its sole discretion and without prior notice, prohibit or restrict the client's ability to place orders or trade in securities through the stock broker, or it may subject any order placed by the client to a review before its entry into the trading systems and may refuse to execute / allow execution of orders due to but not limited to the reason of lack of margin / securities or the order being outside the limits set by stock broker / exchange/ SEBI and any other reasons which the stock broker may deem appropriate in the circumstances.

a. For Non-Payment or erosion of margins or other amounts, outstanding debts, etc. & adjust the proceeds of such liquidation/ close out if any, against the client's liabilities/obligations.

b. Any order which is executed without the required margin in the client's account or the broker's exposure is more than 90% and above so no fresh trade will be taken.

c. The client hereby authorizes the stock broker to squareup all his outstanding positions at the discretion of the stock broker, which are not marked for delivery, 15 minutes before the closing time of the normal market or if the client's margin is evaporated by 90% in any of the exchange(s), Hotline Capital Services Pvt. Ltd.reserves the right to square off positions.

d. Under certain market conditions, it may be difficult or impossible to liquidate a position in the market at a reasonable price or at all, when there are no outstanding orders either on the buy side or the sell side, or if trading is halted in a security due to any action on account of unusual trading activity or stock hitting circuit filters or any other reason as prescribed or instructed by SEBI.

## Hotline Capital Services (P) Ltd

---

The client agrees that the losses, if any on account of such refusal or due to delay caused by such review, shall be borne exclusively by the client alone.

The stock broker is required only to communicate / advise the parameters for the calculation of the margin / security requirements as rate(s) / percentage(s) of the dealings, through anyone or more means or methods such as post / speed post / courier / registered post / registered A.D / facsimile / telegram / cable / e-mail / voice mails / telephone (telephone includes such devices as mobile phones etc.) including SMS on the mobile phone or any other similar device; by messaging on the computer screen of the client's computer; by informing the client through employees / agents of the stock broker; by publishing / displaying it on the website of the stock broker / making it available as a download from the website of the stock broker; by displaying it on the notice board of the branch / office through which the client trades or if the circumstances, so require, by radio broadcast / television broadcast / newspapers advertisements etc; or any other suitable or applicable mode or manner. Once parameters for margin / security requirements are so communicated, the client shall monitor his / her / its position (dealings / trades and valuation of security) on his / her / its own and provide the required / deficit margin / security forthwith as required from time to time whether or not any margin call or such other separate communication to that effect is sent by the stock broker to the client and /or whether or not such communication is received by the client.

The client is not entitled to trade without adequate margin / security and that it shall be his / her / its responsibility to ascertain beforehand the margin / security requirements for his/ her /its orders / trades / deals and to ensure that the required margin / security is made available to the stock broker in such form and manner as may be required by the stock broker. If the client's order is executed despite a shortfall in the available margin, the client, shall, whether or not the stock broker intimates such shortfall in the margin to the client, make up the shortfall suo moto immediately. The client further agrees that he /she / it shall be responsible for all orders (including any orders that may be executed without the required margin in the client's account) & / or any claim /loss/ damage arising out of the non availability /shortage of margin /security required by the stock broker & / or exchange & / or SEBI.

The stock broker is entitled to vary the form (i.e., the replacement of the margin / security in one form with the margin / security in any other form, say, in the form of money instead of shares) & / or quantum & / or percentage of the margin & / or security required to be deposited / made available, from time to time.

The margin / security deposited by the client with the stock broker are not eligible for any interest.

The stock broker is entitled to include / appropriate any / all payout of funds & / or securities towards margin / security without requiring specific authorizations for each payout.

The stock broker is entitled to disable / freeze the account & / or trading facility / any other service, facility, if, in the opinion of the stock broker, the client has committed a crime / fraud or has acted in contradiction of this agreement or / is likely to evade / violate any laws, rules, regulations, directions of a lawful authority whether Indian or foreign or if the stock broker so apprehends.

### **3. Applicable brokerage rate**

The stock broker is entitled to charge brokerage within the limits imposed by exchange which at present is as under:

## Hotline Capital Services (P) Ltd

---

**a. For Cash Market Segment:** The maximum brokerage chargeable in relation to trades effected in the securities admitted to dealings on the Capital Market segment of the Exchange shall be 2.5 % of the contract price exclusive of statutory levies. It is hereby further clarified that where the sale / purchase value of a share is Rs.10/- or less, a maximum brokerage of 25 paise per share may be collected.

**b. For Option contracts:** Brokerage for option contracts would not exceed Rs. 100/- (per lot) single side or such other rates as provided by the exchange(s)/SEBI.

**c. For Derivatives contracts:** Brokerage for derivatives contracts would not exceed 2.5%/- (per lot) single side or such other rates as provided by the exchange(s)/SEBI.

#### **4. Imposition of penalty / delayed payment charges**

Clients will be liable to pay late pay in/delayed payment charges for not making payment of their paying/margin obligation on time as per the exchange requirement/schedule at the rate of 2% per month. The client agree that the Stock broker may impose fine and penalties for the order/trades/deals/ actions of the clients which is contrary to these agreement/rules/ regulations/ bye laws of the exchange or any other law for the time being in force at such rates and in such form as it may deem fit. Further where the stock broker has to pay any fine or bear any punishment from any authority in connection with/as a consequence of/in relation to any of the orders/trades/deals/actions of the client, the same shall be borne by the client.

The client agrees to pay to the stock broker brokerage, commission, fees, all taxes, duties, levies imposed by any authority including but not limited to the stock exchanges (including any amount due on account of reassessment / backlogs etc.), transaction expenses, incidental expenses such as postage, courier etc. as they apply from time to time to the client's account / transactions / services that the client avails from the stock broker.

#### **5. The right to sell clients' securities or close clients' positions, without giving notice to the client, on account of non-payment of client's dues**

The stock broker maintains centralized banking and securities handling processes and related banking and depository accounts at designated place. The client shall ensure timely availability of funds/securities in designated form and manner at designated time and in designated bank and depository account(s) at designated place, for meeting his/her/its pay in obligation of funds and securities. The stock broker shall not be responsible for any claim/loss/damage arising out of non availability/short availability of funds/securities by the client in the designated account(s) of the stock broker for meeting the pay in obligation of either funds or securities. If the client gives orders / trades in the anticipation of the required securities being available subsequently for pay in through anticipated payout from the exchange or through borrowings or any off market delivery(s) or market delivery(s) and if such anticipated availability does not materialize in actual availability of securities / funds for pay in for any reason whatsoever including but not limited to any delays / shortages at the exchange or stock broker level / non release of margin by the stock broker etc., the losses which may occur to the client as a consequence of such shortages in any manner such as on account of auctions / square off / closing outs etc., shall be solely to the account of the client and the client agrees not to hold the stock broker responsible for the same in any form or manner whatsoever.

In case the payment of the margin / security is made by the client through a bank instrument, the stock broker shall be at liberty to give the benefit / credit for the same only on the realization of the funds from the said bank instrument etc. at the absolute discretion of the stock broker. Where

## Hotline Capital Services (P) Ltd

---

the margin /security is made available by way of securities or any other property, the stock broker is empowered to decline its acceptance as margin / security & / or to accept it at such reduced value as the stock broker may deem fit by applying haircuts or by valuing it by marking it to market or by any other method as the stock broker may deem fit in its absolute discretion.

The stock broker has the right but not the obligation, to cancel all pending orders and to sell/close/liquidate all open positions/ securities / shares at the pre-defined square off time or when Mark to Market (M-T-M) percentage reaches or crosses stipulated margin percentage mentioned on the website, whichever is earlier. The stock broker will have sole discretion to decide referred stipulated margin percentage depending upon the market condition. In the event of such square off, the client agrees to bear all the losses based on actual executed prices. In case open position (i.e. short/long) gets converted into delivery due to non square off because of any reason whatsoever, the client agrees to provide securities/funds to fulfill the pay-in obligation failing which the client will have to face auctions or internal close outs; in addition to this the client will have to pay penalties and charges levied by exchange in actual and losses, if any.

Without prejudice to the foregoing, the client shall also be solely liable for all and any penalties and charges levied by the exchange(s).

The stock broker is entitled to prescribe the date and time by which the margin / security is to be made available and the stock broker may refuse to accept any payments in any form after such deadline for margin / security expires.

Notwithstanding anything to the contrary in the agreement or elsewhere, if the client fails to maintain or provide the required margin/fund / security or to meet the funds/margins/ securities pay in obligations for the orders / trades / deals of the client within the prescribed time and form, the stock broker shall have the right without any further notice or communication to the client to take any one or more of the following steps:

- i. To withhold any payout of funds / securities.
- ii. To withhold / disable the trading / dealing facility to the client.
- iii. To liquidate one or more security(s) of the client by selling the same in such manner and at such rate which the stock broker may deem fit in its absolute discretion. It is agreed and understood by the client that securities here includes securities which are pending delivery / receipt.
- iv. To liquidate / square off partially or fully the position of sale & / or purchase in anyone or more securities / contracts in such manner and at such rate which the stock broker may decide in its absolute discretion.
- v. To take any other steps which in the given circumstances, the stock broker may deem fit.

The client agrees that the loss(s) if any, on account of anyone or more steps as enumerated herein above being taken by the stock broker, shall be borne exclusively by the client alone and agrees not to question the reasonableness, requirements, timing, manner, form, pricing etc., which are chosen by the stock broker.

### **6. Shortages in obligations arising out of internal netting of trades**

Stock broker shall not be obliged to deliver any securities or pay any money to the client unless and until the same has been received by the stock broker from the exchange, the clearing corporation/ clearing house or other company or entity liable to make the payment and the client has fulfilled his / her/ its obligations first.

## Hotline Capital Services (P) Ltd

---

The policy and procedure for settlement of shortages in obligations arising out of internal netting of trades is as under:

- a. The securities delivered short are purchased from market on T+2 day which is the Auction Day on Exchange, and the purchase consideration (inclusive of all statutory taxes & levies) is debited to the short delivering seller client.
- b. In case, the shares are not purchased from the market for whatsoever reason, the seller account shall be debited by the closing price of shares on the date of the auction plus 2% over and above the closing price or minimum 50 paise per shares on the date the auction for the settlement which ever is higher.
- c. In cases of securities having corporate actions all cases of short delivery of cum transactions which cannot be auctioned on cum basis or where the cum basis auction payout is after the book closure / record date, would be compulsory closed out at higher of 10% above the official closing price on the auction day or the highest traded price from first trading day of the settlement till the auction day.

### **7. Temporarily suspending or closing a client's account at the client's request**

- i. The client may request the stock broker to temporarily suspend his account, stock broker may do so subject to client accepting / adhering to conditions imposed by stock broker including but not limited to settlement of account and/ or other obligation.
- ii. The stock broker can with hold the payouts of client and suspend his trading account due to his surveillance action or judicial or / and regulatory order/action requiring client suspension.

### **8. De-registering a client**

Notwithstanding anything to the contrary stated in the agreement, the stock broker shall be entitled to terminate the agreement with immediate effect in any of the following circumstances:

- i. If the action of the Client are prima facie illegal/ improper or such as to manipulate the price of any securities or disturb the normal/ proper functioning of the market, either alone or in conjunction with others.
- ii. If there is any commencement of a legal process against the Client under any law in force;
- iii. On the death/lunacy or other disability of the Client;
- iv. If a receiver, administrator or liquidator has been appointed or allowed to be appointed of all or any part of the undertaking of the Client;
- v. If the Client has voluntarily or compulsorily become the subject of proceedings under any bankruptcy or insolvency law or being a company, goes into liquidation or has a receiver appointed in respect of its assets or refers itself to the Board for Industrial and Financial Reconstruction or under any other law providing protection as a relief undertaking;
- vi. If the Client being a partnership firm, has any steps taken by the Client and/ or its partners for dissolution of the partnership;
- vii. If the Client have taken or suffered to be taken any action for its reorganization, liquidation or dissolution;
- viii. If the Client has made any material misrepresentation of facts, including (without limitation) in relation to the Security;
- ix. If there is reasonable apprehension that the Client is unable to pay its debts or the Client has admitted its inability to pay its debts, as they become payable;

## Hotline Capital Services (P) Ltd

- x. If the Client suffers any adverse material change in his / her / its financial position or defaults in any other agreement with the Stock broker;
- xi. If the Client is in breach of any term, condition or covenant of this Agreement;
- xii. If any covenant or warranty of the Client is incorrect or untrue in any material respect;
- However notwithstanding any termination of the agreement, all transactions made under / pursuant to this agreement shall be subject to all the terms and conditions of this agreement and parties to this agreement submit to exclusive jurisdiction of courts of law at the place of execution of this agreement by Stock Broker.

### Client Acceptance of Policies and Procedures stated here in above:

I/We have fully understood the same and do hereby sign the same and agree not to call into question the validity, enforceability and applicability of any provision/clauses this document any circumstances what so ever. These Policies and Procedures may be amended / changed unilaterally by the broker, provided the change is informed to me / us with through anyone or more means or methods such as post / speed post / courier / registered post / registered AD / facsimile / telegram / cable / e-mail / voice mails / telephone (telephone includes such devices as mobile phones etc.) including SMS on the mobile phone or any other similar device; by messaging on the computer screen of the client's computer; by informing the client through employees / agents of the stock broker; by publishing / displaying it on the website of the stock broker / making it available as a download from the website of the stock broker; by displaying it on the notice board of the branch / office through which the client trades or if the circumstances, so require, by radio broadcast / television broadcast / newspapers advertisements etc; or any other suitable or applicable mode or manner. I/we agree that the postal department / the courier company / newspaper company and the e-mail/ voice mail service provider and such other service providers shall be my/our agent and the delivery shall be complete when communication is given to the postal department / the courier company / the e-mail/voice mail service provider, etc. by the stock broker and I/we agree never to challenge the same on any grounds including delayed receipt / non receipt or any other reasons whatsoever. These Policies and Procedures shall always be read along with the agreement and shall be compulsorily referred to while deciding any dispute / difference or claim between me/ us and stock broker before any court of law / judicial / adjudicating authority including arbitrator/ mediator etc.

### 20. Policy for PRE FUNDED INSTRUMENTS from Clients :-

#### Objective:

The objective of the policy is to prevent acceptance of third party funds and to prescribe process to deal with instruments issued by third party when received.

#### Background:

SEBI vide circular no. SEBI/MRD/SE/Cir-33/2003/27/08 dated August 27, 2003 has specified that the stock brokers can accept demand drafts from their clients. However, SEBI vide circular no. CIR/MIRSD/03/2011 dated June 9, 2011 and National Stock Exchange vide its circular no. NSE/INSP/18024 dated 09-Jun-11 has advised stock brokers to maintain an audit trail while receiving funds from the clients through Demand Draft (DD)/Pay Order (PO)/Bankers Cheque (BC) since such third party pre-paid instruments do not contain the details like name of the client, bank account number are not mentioned on such instruments. Non maintenance of audit trail may result in flow of third party funds or unidentified money which may result into breach of regulations issued under PMLA and SEBI circulars.

#### Terms used in this policy:

1. **Prefunded Instruments** - Referred as Payorder, Demand Draft, banker's cheque etc.

## **22. Policies to Identify or avoid or manage Conflict of Interest**

### **Policy and the objectives**

In order to strive for achieving management of conflict of interests, HOTLINE shall endeavour-

- To promote high standards of integrity in the conduct of business
- To ensure fairness of dealing with clients
- To guide for identification, elimination or management of conflict of interest situations
- To provide a mechanism for review and assessment of the policy(ies) on conflict of interests

The conflict of interest policy aims to ensure that the Company's clients are treated fairly and at the highest level of integrity and that their interests are protected at all times. It also aims to identify conflicts of interest between:

- The Company and a Client
- Relevant Person and a Client
- A Company of the Group and a Client
- Two or more Clients of the Company in the course of providing services to these Clients
- A Company service provider and a Client

# Hotline Capital Services (P) Ltd

---

In addition it aims to prevent conflicts of interest from adversely affecting the interest of its Client.

Conflicts of Interest Policy sets out:

- The Company will identify circumstances which may give rise to conflicts of interest entailing a material risk of damage to our Clients' interests;
- The Company has established appropriate mechanisms and systems to manage those conflicts;
- The Company maintains systems designed to prevent damage to our Clients' interests through identified conflicts.

“Intermediary” and “Associated Person”

Securities and Exchange Board of India (Certification of Associated Persons in the Securities Markets) Regulations,

2007 defines the term “intermediaries” and “associated persons”. Accordingly, “intermediary” means an entity registered under SEBI Act and includes any person required to obtain any membership or approval from a stock exchange or a self-regulatory organization; and “associated person” means a principal or employee of an intermediary or an agent or distributor or other natural person engaged in the securities business and includes an employee of a foreign institutional investor or a foreign venture capital investor working in India;

## **“Conflict of Interest”**

Conflicts of Interest can be defined in many ways, including any situation in which an individual or corporation (either private or governmental) is in a position to exploit a professional or official capacity in some way for their personal or corporate benefit. A conflict of interest is a manifestation of the moral hazard problem, particularly when a financial institution provides multiple services and the potentially competing interests of those services may lead to a concealment of information or dissemination of misleading information. A conflict of interest exists when a party to a transaction could potentially make gain from taking actions that are detrimental to the other party in the transaction.

## **Identification of Conflicts of Interests**

The Company shall take adequate steps to identify conflicts of interest. In identifying conflicts of interest, the Company will take into account situations where the Company or an employee or a Relevant Person:

- Is likely to make a financial gain, or avoid a financial loss, at the expense of the Client;

# Hotline Capital Services (P) Ltd

---

- Has an interest in the outcome of a service provided to the Client or of a transaction carried out on behalf of the Client, which is distinct from the Client's interest in that outcome;
- Has a financial or other incentive to favour the interest of one Client over another;
- Carries out the same business as the Client; or
- Receives from a person other than a Client an inducement in relation to a service provided to a Client, in the form of monies, goods or services, other than the standard commission or fee for that service.

## **Potential Conflict of Interest**

In order to avoid, manage or deal with conflict of interest with the intermediary or the Associated Persons, it is important to identify the possible areas of conflict of interest. HOTLINE lists out the following potential conflict of interest that may affect the company.

- Directorships or other employment;
- interests in business enterprises or professional practices;
- Share ownership;
- Beneficial interests in trusts;
- Personal Account Trading;
- Professional associations or relationships with other organizations;
- Personal associations with other groups or organizations, or family relationships;
- Front running;
- Rebates;
- Kickbacks;
- Commission;
- Where the company carries on the same business as a client;
- Where the company designs, markets or recommends a product or service without properly considering all our other products and services and the interest of all our clients;
- Where the company has a financial or other incentive to favour the interest of another client or group of clients over the interests of a client;
- Where the company has an interest in the outcome of a service provided to, or of a transaction carried out on behalf of, a client which is distinct from that client's interest in that outcome;
- Where the company is likely to make a financial gain or avoid a financial loss at the expense of a client; and
- Where the company receives, or will receive, from the person other than a client an inducement in relation to the service provided to that client in the form of monies, goods or services, other than the standard commission or fee for that service;

Measures to avoid or to deal or manage actual or potential Conflict of Interests

Should a conflict of interest arise, it needs to be managed promptly and fairly. The Company puts in place following arrangements to ensure that:

- There is a clear distinction between the different departments' operations;

# Hotline Capital Services (P) Ltd

---

- No single person will gather conflicting information, thus counterfeiting or hiding information from investors is minimized;
- The Company's employees are prohibited from investing in a financial instrument for which they have access to non-public or confidential information;
- Transactions by the Company's employees are neither performed nor executed by themselves.
- Employees sign a contract of employment including confidentiality clauses. No associated person may disclose inside information to others, except disclosures made in accordance with the Company's policies and procedures, to other Company personnel or persons outside the Company who have a valid business reason for receiving such information;
- Each department will control the flow of information where, otherwise, the risk of conflict of interest may harm the interest of a Client;
- Relevant information is recorded promptly in a secure environment to enable identification and management of conflicts of interests;
- Adequate records are maintained of the services and activities of the Company where a conflict of interest has been identified;
- In certain jurisdictions appropriate disclosure may be made to the Client in a clear, fair and not misleading manner to enable the Client to make an informed decision;
- There is a periodic review of the adequacy of the Company's systems and controls.
- Employees are required to avoid conflicts of interest with activities they undertake outside HOTLINE.

## **Information limitations**

The Company respects the confidentiality of information it receives regarding its Clients and operates a "Need to Know" approach and complies with all applicable laws in respect of the handling of that information. Access to confidential information is restricted to those who have a proper requirement for the information consistent with the legitimate interest of a Client of the Company. The Company operates internal organizational arrangements to avoid conflicts of interest by controlling, managing or restricting, as deemed appropriate, the flow of confidential information between different areas of business or within a specific division or department. In particular, Chinese Walls are a key tool for conflict of interest prevention, avoiding insider dealing and market manipulation risks. Furthermore, Chinese Walls can involve separation of premises, personnel, reporting lines, files and IT-systems and controlled procedures for the movement of personnel and information between the Company and any other part of the Company. The Company maintains permanent information barriers between different departments.

Disclosure to clients of possible source or potential areas of conflict of interest (COI):

- HOTLINE or its associated persons should, in writing, disclose to a client any COI in respect of that client including –
- Measures taken to avoid or mitigate the conflict;

# Hotline Capital Services (P) Ltd

---

- Any ownership interest or financial interest that the provider or representative may be or become eligible for;
- The nature of the relationship or arrangements with a third party that gives rise to a COI in sufficient detail to enable the client to understand the exact nature of the COI.
- HOTLINE or its associated persons should, in writing, inform a client of the policy on Management of Conflict of Interest and how it may be accessed.
- Intimation of an actual or potential COI should be made to a person with responsibility for the issue or area, such as the relevant management team, head of the department or key individual.
- In accordance with an employee's obligation to act in the best interest of HOTLINE, it is not permissible for employees to engage in conduct that would amount to a COI with HOTLINE.
- Staff that fail to disclose a potential or actual COI in accordance with this policy may be liable to disciplinary procedures.
- Where a conflict arises HOTLINE or its Associated Persons will, if it is aware of it, disclose it to a client prior to undertaking trading activity for that client or, if the company does not believe that disclosure is appropriate, to manage the conflict, the company may opt not to proceed with the transaction or matter giving rise to the conflict.
- Where there is no other way of managing a conflict, or where the measures in place do not sufficiently protect Clients' interests, the conflict will be disclosed to allow the Client to make an informed decision on whether to continue using our service in the situation concerned.
- HOTLINE may decline to act for a Client in cases where we believe a conflict of interest cannot be managed in any other way.

## **Policies and procedures**

The Company has developed and implemented policies and procedures throughout its business to prevent or manage potential conflicts of interest. Our employees receive guidance and training in these policies and procedures, and they are subject to monitoring and review processes.

### Procedure to comply with the policy

- Every staff member must have a copy of the Policy on management of Conflicts of Interest.
- If a potential COI arises, the transaction must first be discussed with management before entering into the transaction.
- All new employees shall be required to declare their outside interests when they join the firm.
- All staff maintaining personal trading accounts outside of the company are required to instruct their broker to send copy contract notes and periodic statements to the company for reconciliation purposes.

## **Inducements**

The Company does not offer, solicit or accept any inducements, other than the following:

## **Hotline Capital Services (P) Ltd**

---

- the fee, commission or benefit which is disclosed to a client, prior to the provision of the relevant service; and
- it is designed to enhance the quality of the relevant service to a client and in line with the Company's duty to act in the best interests of a client.

Proper fees for the provision of investment services, such as custody costs, settlement and exchange fees, regulatory levies or legal fees, and which cannot give rise to conflicts with the Company's duties to act honestly, fairly and professionally in accordance with the best interests of its clients.
